CELEBRATING OVER 200 YEARS OF FARM HERITAGE

For over 200 years the Stokoe family has been growing our farming heritage. Now we are dedicated to sharing our family farm traditions with others. Take a step back to a simpler time with a wagon ride to pick your own special pumpkin or to choose the perfect Christmas tree. Let us help you and your family make memorable Harvest and Christmas traditions that will last for generations.

For over six generations we have always strived to be good stewards of the land and environment. As part of our continued effort to protect the gift we have been given, we have installed 74 solar panels. We are now 100% solar powered. See it working in our Fun Barn.
